NUMBER 242

THE CANAL TREATY

The General Feeling in the Colombian Senate is Favorable to a New Convention.

A NEW BILL WILL BE PREPARED.

Admiration Expressed For the Noble and Sincere Policy Pursued by the United States.

Senor Macaro Was Opposed to the Hay-Herran Treaty Because It Violated the Laws of the Colombian Constitution.

Bogota, Colombia, Tuesday, Sept. 1.—The senate has appointed a commission to prepare a bill authorizing the government to negotiate a canal treaty without violating the constitution, but the government has not presented it to congress, which is necessary, asking for reforms regarding tribunals, the sovereign control of the canal strip and the hundred-year lease. The general feeling is favorable to a new treaty. Senor Macaro, the actual president of the senate, expressed his admiration for the noble and sincere policy pursued by the United States and hopes that the canal will be opened by them. He says he regrets that he was obliged to oppose the Hay-Herran treaty as being a violation of the laws of the constitution, but he will work strongly for a canal treaty satisfactory to both countries. Senator Obaldia, who has decided to support the canal treaty, has been appointed governor of Panama.

Intense excitement has been produced here by a cablegram reporting the probability of the United States dealing directly with Panama in the canal matter. Senator Obaldia, who has been appointed governor of Panama, left for his post. He will take with him a canal plan which it is said will satisfy all.

Congress has only enacted five laws, and it is reported that the sessions will soon be closed. It is probable that the presidential candidates will be Gen. Rafael Reyes, the vice president, and Jose Manuel Marroquin, the actual president. The European legation has been offered to Gen. Fernandez, the former minister of war.

The government insists on congress reconsidering the matter of the Panama canal treaty.

Washington, Sept. 7.—Dr. Herran, the acting minister of Colombia, still clings to the hope that a way will be found whereby the present treaty will be ratified. He lays much stress on the possibility that the senate may agree to a measure to be subsequently passed by the house where there is said to be a majority for the treaty, giving President Marroquin authority to negotiate directly an instrument along the lines of the present treaty. President Marroquin is known to be heartily in favor of the treaty as it is now drawn, and if he were duly authorized to do so the confident belief of Dr. Herran is that the treaty would be ratified.

MARSHLAND DWELLERS.

Discovery of An Extraordinary Tribe on the Island of Papua.

London, Sept. 7.—A Melbourne dispatch to the Daily Chronicle says: The administrator of British New Guinea reports the discovery of an extraordinary tribe of marshland dwellers in the Island of Papua. Owing to the swampy ground and tangled tropical undergrowth, walking and canoeing are almost impossible. The native dwellings are built in trees and as a result of the conditions the natives are gradually losing the use of their lower limbs and are unable to walk on hard ground without their feet bleeding. Their bodies have developed enormously while their legs and thighs have become strophed. In figure and carriage they are ape-like.

KING PETER OF SERBIA.

An Unconfirmed Report of An Attempt on His Life.

Vienna, Sept. 7.—Special dispatches give an unconfirmed report of an attempt on King Peter's life at Nish on Saturday. It is said that stones were thrown at the royal carriage, one striking the king in the face, and a pistol was fired from a neighboring window. It is also rumored that the Sixth Serbian regiment, notorious for the part it played in the recent regicides, has been ordered to Nish.

Cotton Mill to Resume.

Henderson, Ky., Sept. 7.—The Henderson cotton mills, one of the largest plants in the south, will resume operations September 9. This plant has been closed down for about three months on account of the high price of cotton. It employs about 900 hands.

DEFENSE FUND COMMITTEE.

The Chicago Federation of Labor Has Abolished It.

Chicago, Sept. 7.—Following the direct charge that money thus far collected by assessment from the various labor unions of Chicago had been wasted and consumed in salaries, the Chicago Federation of Labor Sunday abolished its defense fund committee after a stormy session during which lies were passed, incriminating charges were made and fistcuffs were narrowly averted.

James Bowman, formerly president of the federation, and J. J. Fitzpatrick, organizer, said that the proceedings of the meeting and the events that led up to them were a disgrace to union labor in the United States. Charges of dishonesty were openly made against several prominent labor leaders and recommendations were made that these men be suspended.

After a stormy session the federation decided to adopt a compromise plan and to appoint a committee to investigate the charges against the men mentioned.

KENTUCKY FEUD DISTRICT.

Deputation of Pittsburg Salvationists Leave For Breathitt County.

Pittsburg, Pa., Sept. 7.—A deputation of Pittsburg Salvationists, under the leadership of Staff Capt. White, will leave Wednesday for the feud district of Kentucky and undertake the work of reforming the feudists. The objective point will be Breathitt county. The party will be made up, outside of a few of the officers in the work in this city, of members of the local army who volunteer to give their time to the work, and it is likely by the time the party is ready to start this week there will be quite a formidable array of local workers in the party.

The reception which the members of the army will receive in the counties to be invaded is a matter of grave doubt to many interested in army work, but those who are going seem to have no fear of the manner in which they will be treated.

MARCONI IN ST. LOUIS.

The Inventor Is in Consultation With the World's Fair Managers.

St. Louis, Sept. 7.—Sig. Guglielmo Marconi, the famous young inventor of the wireless telegraph, arrived in St. Louis Sunday night, accompanied by a number of officials of his company. Shortly after their arrival they were called on by a party of World's fair officials, including President Francis, the members of the reception and entertainment committees, and the electrical committees, who are now in the city. They were taken in carriages to the St. Louis club, where a dinner was given in honor of Sig. Marconi.

The visit of Marconi to the World's fair grounds is for the purpose of consulting with the exposition officials in regard to the proposed establishment of a wireless telegraph station on the site.

ATTACKED WITH PAVING BRICKS.

An Attempt to Assassinate the Mayor of Tuscola, Ill.

Tuscola, Ill., Sept. 7.—Two men attempted to assassinate Mayor Charles E. McMasters Saturday night as he was entering his barn to put up his horse after a drive. The men were concealed in the barn and attacked Mayor McMasters with paving bricks, felling him twice with blows on the head. One blow was struck from behind. The mayor fought off the assailants and they fled. The mayor believes he recognized the men as friends of two women whom he had arrested Saturday. No arrests have been made.

ANOTHER MURDER MYSTERY.

Body of An Unidentified Man Found in the River at St. Louis.

St. Louis, Sept. 7.—The police have another murder mystery to solve as a result of the finding of the body of an unidentified man in the river at the foot of Lucas avenue. A bullet hole between the eyes discovered when the body was taken to the morgue is the basis for the theory that the man had been foully dealt with, and later developments at an autopsy held over the body strengthened this theory. The shoes worn by the dead man were marked "D. A. Pitts," Cordele, Ga. The body had evidently been in the water about ten days.

Locomotive Boiler Exploded.

Bloomington, Ill., Sept. 7.—While passing Green View at full speed Sunday the boiler of a locomotive pulling a Kansas City fast train westbound on the Chicago & Alton railroad exploded, killing Engineer Frank J. Upton, probably fatally injuring Fireman C. C. Keltner and hurting Brake-man J. A. Montgomery.

THE BULGARIANS.

The Government Decides to Maintain Strict Neutrality in the Macedonian Question.

WILL NOT DECLARE WAR ON TURKS

Should Turkey, However, Open Hostilities Against Her the Country Would Accept the Challenge Fearlessly.

Thirty Villages Destroyed By the Turks—All the Flouring Mills in the District of Resen and Every Church Burned.

Sofia, Bulgaria, Sept. 7.—According to reliable reports from Varna, at the recent council of ministers presided over by Prince Ferdinand at the palace of Euxinograd, it was resolved that Bulgaria should continue to maintain an attitude of the strictest neutrality in the Macedonian question and further that the most stringent measures should be adopted to prevent anything likely to cause a disturbance in Bulgaria's relations with Turkey. The war minister is reported to have spoken strongly in the council against any thought of Bulgaria declaring war on Turkey; first, on account of the enormous expenditure that such a war would involve, and secondly, because the great powers would never permit Bulgaria to reap the advantage if she were victorious. Should Turkey attack Bulgaria, declared the minister, the present army could hold the Turks in check for the first few days while the entire Bulgarian army could be mobilized within three to twelve days. Bulgaria would never declare war, he added, but if war was declared against her, she would accept the challenge fearlessly.

As an evidence of Bulgaria's peaceful intentions, the council decided that upon the first symptoms of disorder on the frontier martial law would be proclaimed at Burgas, Kostendil, Philippopolis and Sofia. The ministers expressed the opinion that the powers would soon reach the conviction that the Macedonian question could not be decided without their intervention.

The Autonomium publishes the names of 50 villages burned by the Turks in the following districts: Resen, 30 villages; Dostur, 14; Brushevo, 6 and one monastery. The Turks burned four villages in the district of Strushkopolsk and murdered the priest. The population fled to the mountains. The Turks have destroyed all the flour mills in the district of Resen and also every church. A fight is reported to have taken place at the village of Vetrsko, in the district of Kumanovo, between a body of insurgents and a Turkish battalion. It lasted four hours and the Turks lost heavily.

Reports have reached the revolutionary headquarters of atrocities by the Turks in the village of Velmosti, in the district of Debar. Troops and Bashli Bazouks are said to have surrounded the village and part of them entered and began plundering the houses and assaulting the women. The other soldiers remained outside and killed those inhabitants who tried to escape. The Turks then set fire to the village in four places, burning 12 women and children. One child was hanged. Altogether 60 peasants were killed and their bodies were left lying in the streets.

WAR OF EXTERMINATION.

Massacres in the Vilayet of Monastir Are of Daily Occurrence.

London, Sept. 7.—The Daily Mail's correspondent at Monastir, telegraphing under Saturday's date, says: "There is no doubt that a Turkish war of extermination is proceeding in the Okrida district. The massacres of a century ago are as nothing compared with those occurring daily in the vilayet of Monastir. I have obtained substantial evidence to prove that the Turkish nisams (Turkish regular troops) are in most cases committing unheard of atrocities, which are not solely the work of the Bashli Bazouks, as the authorities are seeking to prove. The plight of the survivors is terrible. Not daring to leave their houses and subsisting on grass and water, they resemble people in the last stages of famine. The Turks are also losing heavily, judging from the number of injured arriving here.

Among the instances he gives in support of his statement the correspondent relates that a priest's son in one village was flayed alive and kept in this horrible condition for several days to the delight of his tormentors until a merciful Turk shot him dead.

Bridgeport, Ct., Sept. 7.—Henry Sanford, vice president of the Adams Express Co., died at his residence here Sunday as a result of a stroke of apoplexy. He was 80 years old.

THE STRANGE BIRD STOLEN.

The Owner Was Unable to Find Specimens to Which It Belonged.

Lexington, Ky., Sept. 7.—Henry Winn, in the employ of J. B. Haggin, recently captured the strangest looking bird ever seen in this section of the country. All the noted bird lovers of the city examined the fowl, but none of them was able to give it a name.

Winn had several large offers for the bird, but refused them all, intending to send it to some other city to ascertain, if possible, what species of bird it was.

A few nights ago some one entered the yard in the rear of his house and made away with it, and no trace of the missing bird can be found.

FIRE AT WINCHESTER.

Buildings Owned By Attorney Who Defended Jett Destroyed.

Winchester, Ky., Sept. 7.—The livery stable of J. A. Hughes, the grocery of Thomas Barnes, the blacksmith shop of K. S. Grimes and the Chinese laundry of Tom Lee were burned at an early hour Sunday morning. Loss about \$30,000, with insurance of less than \$6,000.

The buildings were owned by B. Fulton French, the well-known attorney for Curtis Jett at the recent Jackson and Cynthia trials, and his net loss will be over \$10,000.

AT WEST POINT, KY.

Every Vacant House and Spare Room Has Been Rented.

Louisville, Ky., Sept. 7.—Every vacant house and every spare room in West Point has been rented for the period of the military encampment. Fancy prices are being paid. The big river steamers are tied up on account of low water, and these will be sent to West Point and converted into floating hotels. Military attaches from every government represented in Washington will attend the maneuvers. Representatives from each state guard of the union will also be guests of the war department.

DESPERADO KILLED.

Lee Smith Shot By Marshal Gray at Nicholson's Mines.

Middlesboro, Ky., Sept. 7.—Marshal Gray shot and killed Lee Smith at Nicholson's mines late Saturday night. Smith was from Bell county and was known as a desperado. He had picked a quarrel with Gray and later fatally stabbed James Looney. Then Gray came to Looney's rescue and shot Smith and then fled to the mountains.

Two Boys Drowned in a Coal Shaft.

Madisonville, Ky., Sept. 7.—Bud Hunter, a grandson of T. B. Payne, and Bud Holtclaw, of Providence, Ky., both aged about 12, were drowned in an old coal shaft in Providence. While standing on a plank across the shaft, which was nearly full of water, Hunter was overcome by the foul air and fell in. In attempting to help Hunter Holtclaw was drawn into the water.

Attorney William J. Peter Dead.

Henderson, Ky., Sept. 7.—William J. Peter, an attorney, died Sunday morning of Bright's disease. He was a member of the city council. Some years ago he served a term as county attorney. He held a federal position under President Harrison and at one time was mentioned for the office of mayor.

Aged Lexington Mason Dead.

Lexington, Ky., Sept. 7.—Thomas B. Cropper, aged 73 years; a veteran of the civil war and a member of E. L. Dudley Post, No. 54, Grand Army of the Republic, died Saturday night. He was one of the oldest masons in the state. The funeral will take place Monday afternoon.

Dora Clay Brock Will Make a Fight.

Lexington, Ky., Sept. 7.—Mrs. Dora Clay Brock left here Sunday night for Richmond, accompanied by two attorneys, to press her claim for the estate of Gen. Cassius M. Clay, the famous abolitionist, who died at Whitehall a few months ago. There are five wills to be offered for probate.

Six Murder Cases on the Docket.

Sergeant, Ky., Sept. 7.—The September term of the Perry circuit court will convene at Hazard Monday with Judge M. J. Moss presiding. This will be the most important term of court ever held at Hazard. There are three ku klux cases and six murder cases to be disposed of.

Indian a Murderer and Suicide.

Carson, Nev., Sept. 7.—At Shurza, a hamlet on the line of the Carson & Colorado railroad, an aged Indian named George Sam, unable to witness the sufferings of his young son, who was sick, killed the lad with a shotgun and then, placing the muzzle of the gun at his own head, discharged the remaining barrel.

CRACK MARKSMEN

They Are Gathered at Seagirt to Participate in Big Shooting Tournament.

ARMY, NAVY AND NATIONAL GUARD

The Team Making the Highest Average Will Receive the National Trophy Provided by Congress.

Maj. Gilfoyle, of the Twelfth Cavalry, Will Serve as Executive Officer During the Firing in the National Trophy Match.

Sea Girt, N. J., Sept. 7.—The flower of the crack marksmen of the United States gathered here to participate in the big shooting tournament, observed Sunday as a day of rest. An unprecedentedly busy week is ahead for the hundreds of expert shots who have been working hard for months past in anticipation of these competitions. Everybody is anxiously awaiting the beginning of the national trophy match, which will occur on Tuesday and Wednesday. It is open to teams of 12 men each, from the United States army, one team from the troops stationed within each of the military departments, the United States navy, United States marine corps, and the national guard of the several states and of the District of Columbia. The distances are 200, 500, 600, 800 and 1,000 yards, ten shots each range. Service rifles and ammunition must be used. The team making the highest average total in the two days' contest will receive the national trophy, provided for by congress, and \$500 in cash.

The second prize is the Hilton trophy and \$300; third prize, "The Soldier of Marathon," trophy and \$200; fourth prize, \$150; fifth prize, \$100, and sixth prize, \$50.

Each member of each team winning a prize will be presented with a medal. These medals are reproductions of a part of the design of the national trophy, showing that part of the shield of the trophy which includes the design of Mars restraining the dogs of war. The bar from which the medal is suspended will indicate the event for which it is issued while the reverse side will bear the name of the holder. The trophies mentioned are to be placed in competition annually. Maj. Gilfoyle, 12th United States cavalry, will serve as executive officer during the firing in the national trophy match.

The carbine team, Tyro team, veterans' team and many individual matches are scheduled for Thursday; the Dryden trophy team match for Friday and the president's match for the individual military championship of the United States for Saturday, the last day of the meet.

THEFT OF JEWELRY.

Ten Thousand Dollars Worth Taken From J. B. Horter, of New York.

New York, Sept. 7.—With the arraignment of two Negroes in Yorkville court Sunday was revealed the theft of jewelry worth \$10,000 from J. B. Horter, of the Antoinette hotel, in East 58th street. The gems were taken from a desk in the sitting room of their apartments while Mr. and Mrs. Horter were out driving Saturday afternoon. Mr. Horter suspected Reuben Worrow, a mulatto, 16 years old, employed at the hotel. A search disclosed that Worrow had disappeared. He has not been seen since. Two young Negroes, friends of Worrow, were arrested on suspicion and remanded in court.

A Trolley Car Wrecked.

Wilkesbarre, Pa., Sept. 7.—A trolley car on the Wilkesbarre & Harveys Lake railroad returning from the lake Sunday afternoon was wrecked in a mountain gorge and plunged down a 30 foot embankment, killing one passenger and injuring 11 others.

Injured in a Trolley Collision.

New York, Sept. 7.—Nearly a score of persons were injured in a collision between two trolley cars at the crossing of Adams street and Myrtle avenue, Brooklyn, Sunday night. All the injured were able to go to their homes except one.

Eight Persons Injured.

Butler, Pa., Sept. 7.—A freight car projecting from a siding to the edge of the main tracks side-swiped an incoming Buffalo, Rochester & Pittsburg passenger train from Dubois, in the Butler yards and eight people were injured.

Pelham, N. H., Sept. 7.—Through a head-on collision Sunday between the electric cars each running, it is said, at a rate of more than 20 miles an hour, four persons were killed and 19 seriously injured.

COLONEL THOMAS J. LANDRUM, of Louisville, prominent in Republican politics, recently expressed his views about the prospects of success for his party in Kentucky this fall in no uncertain terms. He said: "I am not taking much interest in politics this year, but from my observations I do not see what possible chance the Republicans can have of defeating the Democrats. Governor Beckham is a much stronger man than Col. Morris B. Belknap, and I think his election is assured. The Republicans made a great mistake when they turned Bradley and Wilson down."

KENTUCKY CONFERENCE.

London District Abolished by Bishop Hendrix and the Presiding Elders - The New Districts.

Bishop Hendrix and the Presiding Elders of the Kentucky Conference have entirely redistricted the Kentucky Conference, wiping out the London district and making sweeping changes in all the others districts. The new arrangement locates the various churches, as follows:

Covington District—Scott Street and Eleventh Street Churches of Covington and Newport Highlands, Cynthia, Foster, Alexandria, California, Visalia, Falmouth, Butler, Augusta, Brooksville, Hughes and Bigbone, Erlanger and Walton, Florence, Kelat, Williamstown.

Frankfort District—Frankfort, Georgetown, Paris, Ghent, Warsaw, Oddville, Polsgrove, Port Royal, Gratz, Union, Corinth, Monterey, Mt. Hope, New Columbus, Millersburg, Lawrenceburg, Salvisa.

Maysville District—Maysville, East Maysville and Concord, Mt. Carmel, Germantown, Mt. Olivet, Hillsboro, Telfesboro, Tilton and Nepton, Flemingsburg, Vanceburg, Bethel, Morefield, Owingsville, Salt Well, Carlisle, Shannon and Sardis, Washington.

Danville District—Danville, Purysville, Macksville, Salt River, Moreland, Wilmore, Somerset, Burnside, Burgin, Pineville, Broadhead, Loudon, Middlesboro, Corbin, Pittsburg, Richmond, Lancaster, Bryantville, Stanford, Prescherville, East Pulaski, West Pulaski, Harrodsburg.

Shelbyville District—Shelbyville, Simpsonville, Taylorsville, Bloomfield, Christiansburg, Beech Fork, Beards, Chaplain, Prestonville, Carrollton, Bedford, Milton, Campbellsville, Newcastle, Le Grange, Piesureville.

Lexington District—High Street of Lexington, and Edworth of Lexington, Spears, Versailles, Winchester, Mt. Sterling, Comargo, Grass Lick, North Middletown, Clay City, Campton, Jackson, Irvine, Frenchburg, and Hazel Green, Hindman, and Hazard, Nicholasville, College Hill, West Liberty, Moorehead.

All Republicans. (Augusta Chronicle)

What a lot of liars were connected with the assassination of Gov. Goebel or what awful memories they have! Yontee, Noakee, Clifton, Broughton, etc., tell one state of affairs, Deboe, Powers, Davidson and others deny everything the others have said, and they are all Republicans, every mother's son of them.

Robert, son of Mr. and Mrs. R. B. Owens, fell at the home of his aunt, Mrs. Forman, Sunday and broke his right arm at the elbow.

It is seldom that one sees a boiled fish alive, yet there are such in the boiling lake of Amatitlan, Guatemala. A species of fish was lately seen there by a French traveler. These fish, he asserts, often pass days in the boiling water, which comes from numberless hot springs.

Messrs. Albert Brittain, A. L. Wyler, E. S. Goldstein and Edgar Finlander, a party of Cincinnati gentlemen who are members of the Ohio Boat Club, were at the Central Hotel Saturday. They were out on a pleasure trip and had been up the river as far as Vanceburg. They left here Sunday and expect to reach home Tuesday morning, traveling in their own boat.

A PECULIAR ACCIDENT.

Pierce Stanton, an Express Messenger on C. and O. Dragged From Fast Moving Train by a Calf.

Mr. Pierce Stanton, a son of Mr. and Mrs. Clarence L. Stanton, formerly of this city, met with an unusual accident last Saturday morning, and his escape from instant death under the circumstances was miraculous.

Mr. Stanton is an express messenger on the C. and O. and Saturday was looking after the business on the westbound local passing Maysville at 8:50 a. m. The train was fifteen or twenty minutes late reaching here. Some shipper had consigned a calf to the messenger's care, and shortly after the train left Maysville, the calf made a lunge for the side-door of the coach, and went out, dragging Mr. Stanton with it. The accident happened just east of Mr. Norman's residence a mile west of the city.

Strange to say no one saw the accident, nor was Mr. Stanton missed until the train reached Dover. Inquiry by wire failed to locate him here, but as the east-bound local train due here at 10:05 approached the scene of the accident the engineer discovered Mr. Stanton. He was taken aboard and brought to this city, later being removed to rooms at the Brooks House, where his injuries were dressed by Dr. Reed, the C. and O. surgeon, assisted by Drs. Taulbee, Adamson and Browning.

At first it was thought Mr. Stanton was fatally injured, but he rallied from the shock and concussion of the brain, and is in a fair way to recover. His worst injury is a deep wound under the right arm, caused by his striking some sharp obstruction. In addition to this he was badly bruised about the head and body.

Mr. Stanton has been resting as well as could be expected, and his physicians anticipate no serious result now unless bloodpoisoning should set in.

ALL ON FIRE.

A Maysville Citizen Tells How Relief Came.

Ever have eczema?
 Have any itching skin disease?
 Itching almost drives you crazy?
 You feel "all on fire."

Doan's Ointment brings quick relief.

Cures eczema, itching piles
 And all itchininess of the skin.

MERZ BROS

KINGS OF LOW PRICES—PROPRIETORS BEE HIVE.

Found by the Bloodhounds.

John A. Grau, a farmer, aged about thirty, living between Minerva and Augusta, suddenly became demented last Friday evening and fled from his home. His wife called in the neighbors but their search was unsuccessful. Saturday they telephoned for Mr. N. Gollenstein, who took the county's bloodhounds to the scene. They trailed Grau to a field a mile from his home and he was found dead in a fence corner, having shot himself through the left temple. His trouble was caused by sunstroke.

Notice.

Limestone Building Association will open its twenty-ninth series September 5th, 1903. Will be pleased to have you take stock. Call on any officer.

Mr. J. F. Ferrie was somewhat improved Sunday.

Maysville Seems Destined to be
Important Railway
Center.

The Line North a Certainty and a Big Road
Projected to East Kentucky Coal
Fields

Developments in the last few days confirm the BULLETIN's statements a few weeks ago that the Ohio river is to be bridged in the near future at this point and a railroad is to be constructed north to Columbus and the lakes, making with the L. and N. a great north and south trunk line. On this point the following Associated Press dispatch will prove interesting reading, especially to Maysville and Aberdeen citizens:

CINCINNATI, Sept. 5.—The Ohio River and Columbus Railway Company has filed a mortgage at Washington C. H. for a million dollars in favor of the Union Savings Bank and Trust Company of Cincinnati to secure bonds for construction of a steam and electric railroad through Franklin, Madison, Fayette, Pickaway, Highland and Brown counties from Columbus to Maysville.

The new line is to connect the lines running east and west through Columbus with the Chesapeake and Ohio and Louisville and Nashville and other lines in Kentucky. This line was partly surveyed over fifty years ago as the most direct line between the lakes and the Ohio valley. Part of the grading has already been done.

Plans have been perfected for coal elevators at Maysville and Aberdeen, where a large bridge will be required over the Ohio river.

The line is to be in operation between Ripley and Sardinia December 1. The road is being constructed for steam motive power, but the charter is such as to allow the use also of electricity.

As interesting as the above may be, the following from Sunday's Commercial Tribune tells of a great railway project of vastly greater importance to Maysville and all Eastern Kentucky:

"A few weeks ago a party of well known capitalists and coal men formed the temporary organization of the Great Northern Coal and Coke Company, one of the first meetings being held in Cincinnati ten days ago. The Great Northern Company owns outright nearly 400,000 acres of coal land in Johnson, Pike, Floyd and Martin counties, Kentucky, and this large amount of acreage is being added to as fast as possible, it being the intention of the promoters of the company to control all coal lands in Southeastern Kentucky. The holdings of the company lie on the west side of the Big Sandy river. Instead of using the river for shipping the product, a railroad will be built from the river to Maysville, where the coal will be transferred to barges for Cincinnati and down-the-river shipments.

The Great Northern Company, it is said, aims to make Cincinnati the largest bituminous coal market in the world. An agent for the company has already been here, looking up sites on the river front for two elevators. It is the purpose of the new company to control the coal trade in all the river towns from Maysville to New Orleans.

This new enterprise will place Cincinnati within 150 miles of the largest mining operations in the country.

At Maysville will be erected two immense steel coal tipples, and they will be fitted up with the very latest machinery and devices for unloading from the cars to the barges. Not over a minute will be used in transferring the contents of a coal car to the barge.

The new company is capitalized at \$10,000,000, and its promoters and organizers are as follows: Senator J. N. Camden and Sprigg Camden, of Parkersburg, W. Va.; P. L. Kimberly, Sharon, Pa.; F. A. Dinley and Robert Newton, Chicago; Geo. C. Howe, Duluth, Minn., and J. C. Mayo, Paintsville, Ky.

Hainline sells wall paper cheap.

Rev. R. E. Moss will deliver an address on Christian Endeavor work at the State meeting of the Christian Church at Paris Sept. 21st.

Miss Ona Parker, daughter of Mr. Cliff Parker, of Orangeburg, was thrown off a horse while out riding a few days ago, one of her arms being badly fractured between the wrist and elbow. Dr. Bane set the fracture and she is getting along nicely.

Miss Josie, the nine-year-old daughter of Mr. and Mrs. William Byron, of the Bernard neighborhood, died Saturday evening at 9 o'clock, after being ill a week from appendicitis. The funeral took place at 9 o'clock this morning from St. Patrick's Church. Interment at Washington. The parents have the sympathy of many friends in their bereavement.

D. Hechinger & Co.

In a few days the youngsters will go back to their school or college. As a matter of course they will need an outfit. You that had experience are fully aware that you do not as a rule find the kind of clothing we sell in the average clothing stores.

Our entire fall stock is in. Before your boys start to school bring them in.

With us they can choose from the productions of the famous manufacturers, Stein, Bloch Co., L. Adler Bros. and Co., Garson Meyer Co., three of the greatest concerns in Rochester, New York. The majority of the "boys" know these makes and want them.

Our trade on these lines has grown to such proportion that the qualities we buy and sell of them enables us to sell them for no more than you would have to pay for much lesser qualities in other houses. You do yourself justice to look over our lines before you buy.

THE MARKETS.

Review of Trade in Live Stock and Tobacco at Cincinnati the Past Week.

Cattle—Receipts have been light, hardly enough for the usual wants, and prices were mostly in sellers' favor each day. Good to choice butcher grades at \$14.75, average fully 25c higher than a week ago. Some good fat steers sold Thursday at \$5.50, which is 25c higher than they would have brought a week or two ago.

Hogs—The demand has run to heavy weights, so that this kind at \$5.90@6.05 is 15c higher for the week, light weights at \$5.85@6.10, are practically the same to a little easier. The change to heavy hogs is due to the strong market for lard. In the receipts of the week there have been but few strictly choice grades.

Sheep—Receipts have been steady most of the week, at about 10c lower than prevailed the preceding week, the bulk going at \$2.75@3.15. Lambs were dull early, selling on Monday at \$5.35 for the bulk, but since then they have become firmer, same grades now bringing \$5.25@5.60, which is, however, slightly less than a week ago. The market for both sheep and lambs is now steady to strong.

Tobacco—There was a substantial increase in both offerings and receipts during the week, and a slight falling off in the percentage of negotiations, tending to show the market to have been generally satisfactory to shippers. But while sales have been mostly accepted there is a growing feeling among sellers that present conditions and the future outlook seem to justify a higher range in values, as they argue that estimates and calculations of the quantity of the crop now selling are falling short, and it is a well-known fact that the growing crop will be still shorter, and much of it is of a stunted growth, owing to late planting, and rather indifferent in quality.

Advices from the growing districts are somewhat unreliable and misleading. Some planters claim the crop will be very little short of last year's in quantity, but sadly deficient in quality, owing to late planting and dry weather in July and August. Others more favorably situated report good growth and body and a large proportion of fine color leaf possible at maturity, if early frosts do not cause deterioration.

WANTED.

SALESMEN WANTED—To look after our interest in Mason and adjacent counties, salary or commission. Address LINCOLN OIL CO., Cleveland, O. 4-431

LOST.

LOST—Sunday between First Presbyterian Church and Front street, a diamond. Please return it to this office. 7-431

PUBLIC SALE!

I will offer at public sale on the premises where I now reside, adjoining the town of Mayslick, Ky., on

Tuesday, September 8th, 1903,

at 2 o'clock p. m., the farm of Eneas Myall (deceased), consisting of 215 acres, subject to survey. Said farm is in two tracts, first tract, containing 100 acres, lying on the Laytham pike, just out of the town limits. This tract has on it a new frame house of six rooms, smoke house, is well watered and fenced, only eleven acres in cultivation, the remainder in grass, every foot susceptible to cultivation.

Tract No. 2

contains 145 acres; has on it a frame dwelling of eight rooms, halls, presses, pantries, porches, smoke house, good stable, double corn crib, cow house, tool house; well in the yard, large well in the horse lot; also two tobacco barns, a good stable and corn crib on the back of the farm. This tract has pools and any amount of running stock water, the year round, and about fifty-five acres in cultivation, the remainder in grass. This is one of the best farms around the noted town of Mayslick. I will sell as a whole, or in tracts, to suit purchaser. Possession given this fall to seed, and full possession the first of March, 1904.

Terms—One-third cash March, 1904; one-third March 1, 1905; one-third March 1, 1906, with lien retained on land for the two deferred payments and interest.

WILLIAM MYALL, Executor of E. Myall. H. C. Hawkins, auctioneer.
